Assessment Notes

Special Instructions: . Incident Desc:I was coming down road, went to get medicine for my husband. I was at work and went to the Pharmacy, Primrose ? Ackermans Pharmacy.

Guy ran across parking car and there was a parking and empty space and a parking so I thought I better take first parking or I would knock him. With that I think I had gone too far swung hit back right back corner side of Peugeot. Security guard came and said lady is in the pharmacy, I?m going to get medicine ? if you can find the lady and we can meet outside and that?s what happened.

We exchanged information, I reported it this morning.

No Injuries.

My car bumper and left part panel will have to be replaced. Her car is not damaged, just a scratch.
